

Addendum to September 2019 Minutes

Twig Wiggins, Seasonal Member, addressed the Board regarding the status of Regular and Seasonal members. Mr. Wiggins reviews the verbiage from the Constitution saying, "A 'Regular Member' is a member who *is entitled* to hold office within the Club...". Of the 800+ Seaside Club members, approximately 200 have the ability to vote. Less than half of the regular membership actually attend the annual meeting. His presentation centered around the fact that all members should be treated equally at the Club; certain members should not be 'entitled.' Discussion followed. Because the membership statuses are established in the Constitution, it will take a vote of the membership to make changes, however, the Board will address this in the next fiscal year.
