Membership Committee Request Change from Seasonal Member to Regular Member

The charge to the Board is to choose Seasonal Members for Regular Membership when there are openings in the Regular Membership. Below is information that the Board would find helpful in choosing new Regular Members:

How long have you been a seasonal member?

Are you currently serving on a Standing Committee? If so, which one?

How do you support Club sponsored events?

In what ways have you volunteered or assisted in making the Club better?

What skills or attributes do you have that would benefit the Club?

Why would you like to be a Regular member?

Please submit letters of recommendation from two (2) non-related Regular Members supporting your request for change of membership status from Seasonal Member to Regular Member.
